### Meet Format:

We are running separate A and B individual events for Division 1-4 swimmers. **\*\*Please ensure that swimmers are correctly entered into the appropriate A or B tier event.** They will be scored in the event they are entered. Swimmers entered in B events whose results are substantially faster than the A time may be held ineligible for awards in the B event. **Swimmers are allowed to enter up to 6 individual events and 2 relays.**

### Meet Rules:

Heats will be seeded according to times entered. Swimmers entered with no times will be seeded in a slower heat. Tiers will be divided and determined strictly on the Fraser South 'B' region cut-off times. Div. 5-8 will not be tiered.

### Timing System:

We will be using the Colorado Dolphin Electronic Stopwatch timing system with three (3) electronic watches per lane. The watches will be started automatically by the starting system and finishing manually by the timers. We will use USS Timing Rule 102.17.5B for Semi-Automatic timing as follows:

1. If **two** of the three buttons or watch times agree, that shall be the time for that timing system.
2. If all three buttons or watches disagree, the time of the **intermediate** button or watch shall be the time for that timing system.
3. If only two button or watch times are available, the time shall be the **average** of those two buttons or watch times. The digits representing thousandths of a second shall be dropped with no rounding.
4. If only one button or watch time is available, the time of that button or watch shall be the time for that timing system.
